Ensure that eyewash stations and safety showers are close to the workstation location.

### Individual protection measures, such as personal protective equipment

**Eye/face protection** Wear chemical splash goggles and face shield (when eye and face contact is possible due to splashing or spraying of material).

**Hand protection** Appropriate chemical resistant gloves should be worn.

**Skin and body protection** Standard work clothing and work shoes.

**Respiratory protection** If exposures exceed the PEL or TLV, use NIOSH/MSHA approved respirator in accordance with OSHA Respiratory Protection Requirements under 29 CFR 1910.134.

**Environmental exposure controls** Do not allow liquid to enter streams or waterways.

**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice. Ensure that eyewash stations and safety showers are close to the workstation location. Do not eat, drink or smoke when using this product.
